

ABRIACHAN GARDEN & NURSERY

Loch Ness Side, Inverness, IV3 8LA

01463 861 232 info@lochnessgarden.com

The sap is rising and the light stays a little longer each day. We have been spoilt with a very benign winter so far... time yet I know.

Refreshed and ready to go again, our annual trip to the southern hemisphere has filled us with energy & ideas. Don is away already with a Southern Hemisphere Bed that is looking very good except where the deer came in for a browse.

Don is increasingly concerned about butterfly & bee numbers, so we have marked many plants on the nursery and on the website as attractive to butterflies, and encourage you to grow them yourselves and enjoy the visitors. 🦋

New beds to rescue & old beds to replant, those are the very active day jobs just now. Lots of exciting planting to sculpt this year.

I suppose if you summarised what we grow here, it is plants that are garden worthy; many older, less easy to find varieties, the best of the new and some plants that are easy to grow and great show offs, hence Primula Auricula. In addition we grow a good selection of plants that are regarded as Scottish, either they are from here or they thrive and we have adopted them; hence the Tropaeolums, the Meconopsis and Giant Scot's thistles.

Hope to see you this year, Scotland is great & Loch Ness is precious. Good gardening for 2017.

Margaret

OPEN DAILY, FEB TO NOV, 9am to 7pm Or dusk if earlier.

MAIL-ORDER: This catalogue is a selection of what we grow. Our plants change over the year as we propagate and sell. Check our web site or e-mail us to check availability.

www.lochnessgarden.com

PAYMENT: Pay by paypal online or send cheque with order.

Cheques payable to: D. Davidson (Abriachan Nurseries)

It is much easier for everyone if a "Limit Cheque" is used, where the bottom line of the cheque has a limit defined e.g. (Not to exceed eighty pounds). Please do not forget to sign the cheque. If substitutes are not specified we will use our discretion unless instructed otherwise, or a limit cheque is sent.

CARRIAGE AND PACKING..... £12.50 FOR ALL ORDER SIZES

Abriachan Nurseries has a presence on Flickr & Facebook and

Don has just began to master Instagram @lochnessgarden

Eryngium oliverianum - Peacock butterfly - Dicentra spectabilis

2017 PLANT CATALOGUE

ACAENA

Low creeping carpets, excellent over slopes and rocks, but equally as good in shallow pots and very effective with dwarf bulbs growing through.

inermis purpurea	Tight growing, glistening purple leaves. Perfect as part of a live tapestry of colour.	£3
magellanica	Larger, handsome shining leaves on a vigorous spreading plant.	£3
microphylla Copper Carpet	Tiny, ferny, bronze leaves and wonderful cover of red burrs in late summer.	£3

ACHILLEA

moonshine	Sun loving, flat, glowing yellow heads; a fine plant for a sunny border	£4
------------------	---	-----------

ACONITUM (Monkshood)

The fabled monkshoods, strong perennial and lovely in shade or woodland

Bi-colour 1.2m	Spikes of hooded white flowers; with lipsticked blue edges.	£4.50
carmichaelii 1.2m	Autumn flowering monkshoods, excellent plants.	£4.50
henryi Spark's Variety 1.2m	Classic blue monkshoods; spring flowering	£4.50

AGAPANTHUS (African Lilies)

Midsummer colour to give you impeccable garden credentials. Strong stems and eye catching, spherical heads of flowers. I grow several varieties in the ground and they come through winters well. They also look good grown tight in large pots. To get the best from them, liquid feed throughout summer with a high potash mix (tomato feed ideal) Full sun; good drainage.

Buckingham Palace 1.3m	Tall, magnificent blue flowers. Towered above all pots this summer and held onto its flowers the longest. Superb	£6.50
Black Pantha 60cm	A sumptuous new variety. Black buds open to deep purple florets.	£6.50
Castle of Mey 80cm	A fine old mid blue variety that is named for the famous Caithness Castle of the Queen Mother. Splendid in pot or border.	£6.50
ex St Helena 50cm	This Agapanthus was given to us by a customer with friends in St Helena, where it grows in the wild. Good, sturdy, mid blue flowers, building up quickly and well.	£6.50
Headbourne 70cm	A fine old variety, mid blue and floriferous. It has been a summer mainstay for us for a decade, looking great with bright diascia.	£5
praecox flore plena 50cm	Double heads of pretty mid blue. Displays well in a pot in a sunny corner	£5
Streamline 40cm	Attractive striped blue florets on floriferous fast bulking plants.	£5
Torbay 60cm	The prettiest sky blue heads for summer	£5

AJUGA

Catlin's Giant 20cm	Shining green close leaves and dense spikes of rich blue flowers.	£3
----------------------------	---	-----------

repens Valfredda	A new variety, called Chocolate Chip in America where it originated. Shiny bronze, narrow leaves and spikes of violet blue flowers. Excellent and very useful for imaginative plantings.	£3
-----------------------------------	--	-----------

ANAPHALIS

triplinervis 40cm	Mounds of felt-grey leaves and white everlasting flowers all summer.	£4
------------------------------------	--	-----------

ANDROSACE

primuloides	Lovely tiny spring flowering; evergreen rosette with sprays of little eye catching pink flowers. Yellow eye. Choice.	£3
--------------------	--	-----------

ANEMONE nemorosa (Wood Anemones)

These are cultivated forms of our native wood anemones. All are dainty, early flowering and build up steadily, year on year. You will find them in our garden amongst rocks and under the skirts of shrubs. Look closely at the flowers and turn over the petals to reveal the silvered blue and violet shaded back to the petals. You will love them all. The sheer valour of them in spring sunshine awakens hope.

Blue Eyes	An old variety we acquired a few years ago. It has variable doubling of the white flower ruff and a most attractive blue eye centre	£3.50
flore plena	Beautiful double white form.	£3.50
Lychette	Large, crisp white flowers. Distinct.	£3.50
Mid Blue	A heart stirring washed sky blue.	£3.50
Robinsoniana	Palest blue with silver backed petals. Just lovely.	£3.50
Royal Blue	Clear royal blue variety, yellow stamens	£3.50
Vestal	Arranged like an old fashioned posy; broad white outer petals & tight small petalled centre	£3.50

ANEMONE - Other varieties

x lipiensis	Lovely pale yellow flowers on fine foliage. A very good cross between nemorosa and ranunculoides species.	£3.50
ranunculoides	Often the first to show above ground. Fresh dainty foliage and bright yellow flowers.	£3.50

Autumn Flowering Anemones

Taller, elegant anemones that really lift a late summer planting to a new level.

hupehensis Hapsden Abundance	An abundance of two-toned pink blooms on wide branching plants.	£4.50
x hybrida Pamina 75cm	Slender stems with deep pink semi double flowers. Very good.	£4.50
Queen Charlotte 1.2m	Tall, strong, semi double, pink anemones. An excellent perennial with us.	£4.50

ANTHEMIS

Suzanne Mitchell 30cm	Fast growing carpets of pretty grey/green and pale straw daisies from June to Oct	£4
--	---	-----------

AQUILEGIA

Columbines or Granny's Bonnets. Well loved perennials for the late spring garden. They mix & match and seed around pleasingly.

vulgaris clematiflora 75cm	Pretty, open faced grannies bonnets. A range of lilac & pink with occasional white. Wonderful for a cottage garden effect	£4
Mackanna Hybrids 90cm	Strong reds, yellows and pink and orange, often as bi-colours. Sold as mixed colours.	£4
ARABIS		
caucasicum alba flora plena	A very pretty double white spreading Arabis, each flower individually a perfect, tiny white rose. A most useful plant for the edge of a raised bed or rock.	£3.50
ARMERIA		
macloviana (Falkland Island Thrift) 30cm	A seashore plant, found amongst the coastal grasses or clinging to rock cracks. Small domes of salt and sea washed pinks.	£4
ASARUM		
europaeum 20cm	Lovely, shining, kidney-shaped leaves; excellent in shade	£4.50
ASPHODELUS		
albus 30cm	Spears of foliage and spikes of white flowers, backs flushed soft apricot	£4
ASTER		
ageratoides Harry Smith 50cm	Very good mounds of autumn daisies. Disease free foliage, blue daisies.	£4.50
natalensis 20cm	Wonderful little summer daisy. Bright blue. Loves full sun.	£3.50
ASTILBE		
<i>Wonderful dense plants for damp or shady places. They also make fine specimens in large planters.</i>		
arendsii Fanal 60cm	Handsome green foliage, and crimson spikes	£4.50
Cappuccino 80cm	Handsome white spires on dark coffee coloured leaves	£4.50
ASTILBOIDES		
tabularis 60cm	Umbrella-like leaves, with scalloped edges, which are a feature in their own right; fluffy white spires of flowers in summer.	£7.50
ASTRANTIA		
major 40cm (Masterwort)	Lovely old fashioned flowers with a central boss of stamens and surrounding ruff of papery green-white petals. The blooms last and dry well.	£4
Ruby Star	The best of the new introductions. Dark flushed foliage and ruby red flowers.	£5
AUBRIETA		
<i>I love aubrieta in the spring, carpets of colour over rocks and walls. Easy, reliable plants.</i>		
Blue Whale	Blue Whale is a noticeably large flowered lilac blue	£3.50
AZORELLA		
trifurcata	Fantastic, drought proof carpets from Empetrum heathlands throughout Southern South America. It forms rock hard creeping green mat ...unbelievable.	£3.50
BELLIS (Double Daisies)		
perennis Alice	Neat pale sugar-pink daisies. An old desirable cultivar.	£3.50

rotundifolia Lovely little lavender blue daisies. Very pretty. **£3.50**
caerulescens

BLETILLA Hardy Orchid.

striata Sparse, sword shaped leaves and pink orchid flowers.
Usually recommended for humus rich woodland soil,
15cm but ours survives cold winters, drought & **£6.50**
overshadowed by a huge Pieris and is doing fine.
Maybe some care and it would be wonderful!

BRUNNERA

Langtrees Distinctive grey leaves, silver spotted around the rim;
45cm pretty blue flowers. **£4.50**

CALCEOLARIA (Lady's Slipper)

fothergillii Falkland Island native. Tiny, with yellow pouched
flowers, beautifully marked red. Loves sun and wind **£4**
and a cool root run, just as it has in its native land.

CALTHA (Double Marsh Marigold)

palustris Glistening green leaves and beautiful, neat double
plena 30cm flowers. Striking in a damp area or waterside. **£4.50**

CAMPANULA (The Bellflowers)

Campanulas are the backbone of summer borders and can also be excellent carpeting plants.

cochlearifolia Tiny double powder-puff blue bells on a
spreading mat. Lovely in a wide shallow pot too. **£3**

lactiflora alba Tall, outward facing white bells. wonderful
75cm among rose plantings **£4.50**

lactiflora Outward facing tubular bells of rich violet;
Brantwood 75cm strong perennial. **£4.50**

persicifolia Large open white flowers, perfectly rimmed
Chettle Charm 60cm with china blue **£4.50**

poscharskyana Bright blue stars on trailing stems. Excellent
(Trailing Bellflower) on walls or edging plantings. **£3.50**

CARDAMINE Lady's Smock Family

pratense A large, white flowered version of our native
Big White Ladies Smock. Very good in short grass or
damp meadows. **£4**

rhapanifolia Strong, early pink ladies smock on fresh, cress-
(cuckoo flower) green foliage. **£4**

CARDIOCRINUM (Giant Lilies)

giganteum Legendary lilies. Huge whorl of white trumpet
(Giant Himalayan flowers, downward facing so scent and beauty
Lilies) 2.5m are wonderfully accessible. The seed heads
that follow are a feature for a year and more. **£9.50**

CENTAUREA

Perennial cornflower or Bluebottle. These cottage garden plants flower very early, right after the daffodils.

jacea A compact pretty magenta knapweed; open
40cm faced and rayed flower heads. **£4**

montanum Parham An elegant form of this early flowerer; lovely
(Perennial lilac blue blooms. **£4**
Cornflower) 70cm

CENTRANTHUS

A plant that lives on air, growing from walls and cracks in impossible rock faces.

alba 40cm	The white variant, excellent clean white flowers on show for many weeks.	£4
rubra (Red Valerian) 40cm	Rich red flowers. Look up at the ramparts of Edinburgh & many castle walls, it is there	£4
CEPHALARIA		
Gigantea (Giant scabious) 1.8m	Lovely yellow scabious heads for summer borders. A light and airy back of the border presence; beloved by butterflies	£4.50
CHAMAEMELUM		
Treneague (Lawn Chamomile)	The non-flowering Chamomile, lush, fresh green and fabulously aromatic. This is the one used for lawns, but think of it also in a large pot at hand level, on a bank or bower or in an arbour....imagine, imagine.	£2.75 each or £25 for Ten
CHIASTOPHYLLUM		
oppositifolium 10cm	Neat, leathery rosettes and yellow catkin flowers; perfect on a wall or rockery.	£3
CHILIOTRICHUM		
diffusum (Falkland Fachine)	Compact grey/green evergreen bush covered in felty white daisies in midsummer.	£4.50
CHRYSANTHEMUM Hardy varieties		
<i>It's odd, but chrysanthemums were a ubiquitous presence in gardens of my youth, and then suddenly gone. I am reviving my interest and am concentrating on the hardiest (not the big show varieties, that are not truly hardy) and hence the easiest to grow.</i>		
Carmine Blush 60cm	Neat mounds covered in single pink carmine Chrysanth. October until the snows.	£4
Chelsea Physic Garden 60cm	Beautiful double, dusky orange red bronzed backed petal. Lasted very well as cut flowers.	£4
Rose Madder 60cm	Strong rose pink single blooms with a yellow eye. Scented.	£4
CICERBITA		
alpina 1.5m	Beautiful branching heads of blue daisies on mounds of large toothed leaves. A rare Scottish native and we love to sell it.	£5
plumeria 2m	Lilac blue daisies on strong swaying stems. It seeds gently for us and we have 4 or 5 in the garden each year. Always welcome.	£4.50
CIRSIIUM		
rivulare atropurpureum	Handsome basal clumps and large open sprays of purple/ red thistles, all without the spines! A remarkably good garden plant, repeat flowering from June to December.	£4.50
CODONOPSIS		
clematidea	Twining grey stems and leaves and the most glamorous ice blue flower; turn up the bell shaped blooms and the centre is full of purple veins and orange markings.	£4
CONVALLARIA (Lily of The Valley)		
majalis 20cm	Lovely white bells with a heart melting fragrance. We sell plants established in pots, that will grow away far better than dried root pieces. Lovely in containers that can be brought indoors for a while to enjoy the blooms	£3 each or £10 for four

majalis rosea Pink flowered form. **£3.50**

CORYDALIS

elata
(The Fumitories)
40cm Green feathered foliage and lovely blue flowers. Does very well for us in part shade and woodland conditions. **£3.50**

flexuosa
Purple Leaf 30cm Fine purple foliage, and purple/blue flowers, continues for several months. **£3.50**

CROCOSMIA (Montbretia)

Great plants for a late summer show, bold and bright. They increase well and are rewarding to grow.

Culzean Peach
90cm Soft peach-orange blossoms; nice upright plant. **£4.50**

Limpopo
75cm Upward facing orange/apricot blooms; floriferous. **£4.50**

Lucifer
1.2m A remarkable plant that draws the eye across the garden. Strong, upright, pleated sword-shaped leaves with brilliant red flowers. Increases well. **£4**

Mistral
75cm Early flowering, elegant with upturned flowers. A remarkable flame red. **£4**

Okavango 75cm Large, peach pink flowers. Very attractive. **£4.50**

paniculata
1.2m Strong spears of growth that opens into elegant pleated leaves. Persimmon orange flowers in August. An old garden plant and still first class. **£4**

Paul's best yellow
1.2m Tall variety; large golden yellow flowers; flowers open faced and showy. **£4.50**

CYMBALARIA

aequitriloba
alba Tiny, flat ground hugging leaves....the leaves are shiny, shaped and marked like ivy. Neat white toadflax flowers for months. **£3**

muralis
(Kenilworth Ivy/Ivy-Leaved Toadflax) Lovely little violet toad flaxes on tiny ivy like trailing leaves that scramble on and through walls. I'll bet you have tried taking pieces like me, without success. You need to raise them from seed. Here they are. **£3**

DABOECIA

William Buchanan
30cm A great Irish Heath. Compact growth and good purple red bells practically all year round; splendid ground covering habit. **£3.50**

DACTYLORHIZA

purpurella
(Northern Marsh Orchid) 15cm A lovely Scots native, popping up throughout our garden. A really rich dark purple orchid. **£4.50**

DECAISNEA

fargesii
(Dead Man's Fingers) A hardy multi-stemmed shrub, walnut-like leaves and the most amazing blue fruit pods in autumn; true ghoul blue. One of the highlights of the year. **£6**

DELOSPERMA

nubigenum
(Yellow Ice Plant) A small-leaved hardy succulent that makes good carpets with bright yellow Livingstone daisies. Very useful on dry sunny site. **£3**

DIANTHUS (Garden Pinks)

carthusianorum	Fine grassy leaves and heads of bright magenta pinks.	£3.50
Robina's Daughter	From a friend's garden on Skye: semi double white with perfect clove fragrance. Good grey carpeting habit.	£3.50

DICENTRA

cucullaria 25cm	Dainty glaucous foliage and white waxy flowers; humus rich soil. Exquisite.	£4.50
------------------------	---	--------------

DIERAMA (Angel's Fishing Rod)

Dierama are a real feature of our summer garden. Strong, grassy foliage with elegant, wiry stems dripping with slender bells in papery calyxes. Each year we try some new species, and none have disappointed yet, proving both hardy and glamorous. Excellent in seaside gardens too.

igneum 50cm	Open faced bells of a brick red. The hardiest of all we grow and increases well.	£4.50
pulcherrimum 1.2m	Long grassy leaves and arching stems, dripping with lilac pink bells emerging from silver papery calyxes. Exquisite.	£4.50
pulcherrimum album 1.2m	An elegant white form.	£4.50
reynoldsii 80cm	A most attractive wine red coloured variety.	£4.50
riparia 75cm	A newly introduced, compact variety; lilac purple bells.	£4.50

DIGITALIS (Foxgloves)

ferruginea gigantea (Rusty Foxglove) 1m	The tall rusty foxglove; closely packed spikes of golden flowers with brown stippled throats. A group is an arresting sight.	£4
purpurea alba 1.2 m	The white foxglove. Stately plants, wonderful in shade. Biennial.	£4
stewartii 1.2 m	Perpendicular spires, closely clothed in orange yellow foxgloves; soundly perennial.	£4

DIPLARRENA

moraea 40cm	The butterfly iris. Striking perennials; clean, white-winged blooms with purple and yellow shades on the inner petals. Lovely in early summer.	£4
--------------------	--	-----------

DODECATHEON

media Goliath 30cm	Strong stems of cyclamen-like flowers; lilac pick with yellow tip.	£4
tetrandrum Red Light 40cm	Robust plants with taller lilac pink blooms.	£4

DORONICUM

pardalianches (Giant Leopard's Bane) 80cm	Fresh green foliage and a mass of yellow daisies. They fill the gap after daffodils like no other flowering perennial.	£3.50
--	--	--------------

DRYAS

drummondii 10cm	A yellow flowered arctic mountain avens from Canada.	£3.50
------------------------	--	--------------

ECHEVERIA

glauca	Wonderful blue leaved succulent; great in summer plantings. It needs protection with us, but so worth the effort. When well fed they make big rosettes with many offsets.	£3.50
---------------	---	--------------

ECHINOPS

ritro	Amazing tattered leaves and strong stems headed up with blue spheres of flower. A midsummer plant, loved by bees and butterflies	£4
--------------	--	-----------

EOMECON

chionantha 30cm	A delicate Chinese poppy; white, yellow stamens, attractive scalloped leaves.	£4
----------------------------------	---	-----------

EPIMEDIUM

Epimediums make excellent ground cover; they grow just about anywhere, and possess a real air of elegance. The spring flowers are dainty and repay close observation. The leaves follow and are fresh green, often bronze tinged and veined, lasting through winter. They work through a planting as stitches in a tapestry. I have also seen them looking terrific in large container plantings, often alone.

x perralchium Frohnleiten 50cm	Tough evergreen foliage with bronze markings. A good variety for dry conditions. Excellent early foliage and yellow flowers.	£4.50
pubigerum 40cm	Smooth green foliage and elegant sprays of creamy white flowers.	£4.50
versicolor sulphureum 40cm	Lovely, fresh bronze veined foliage and pale lemon flowers.	£4.50

ERINUS

alpinus 5cm	An indispensable small plant. Tiny foxglove like flower. Wonderful between pavings, on wall edges...in any corner that needs a lift. Smashing plant.	£3
------------------------------	--	-----------

ERYNGIUM (Sea Hollies)

alpinum	The finest and largest sea holly. Beautiful lacy ruffs on blue cone centres. Definitely more Blackadder than Baldrick.	£5
bourgatii Graham Stuart Thomas 30cm	Deeply cut variegated foliage, gives a lacy effect; branching heads of marine blue sea hollies. Floriferous and long in flower. Excellent.	£5
grandiflorum (Miss Willmott's Ghost)	Grow this biennial sea holly in the driest sunniest place and it becomes silver and almost white. Startlingly good.	£4
oliveranum 90cm	Glorious steely blue sea hollies; wonderful on well drained soils.	£5

EUPHORBIA

cyparissius Fens Ruby 15cm	Delicate froth of red foliage, resembling sphagnum moss. Suited to a dry open situation; lime green bracts.	£3
griffithii Dixter 1m	Interesting early red shoots appear in March/April, followed by upright bronzed stems and leaves and topped by vivid orange bracts. Excellent and attractive	£4.50
griffithii Fireglow 1m	Early red, sharp shoots emerge from the soil, and extend to tall strong green stems, topped with a great show of red bracts. Great border perennials	£4.50
polychroma 25cm	Fresh spring growth topped with a fine show of golden yellow bract. Good autumn colour too.	£4

pasteurii Brown's Strain 1m	New Euphorbia from Just Must and the excellent Brown Stable. Evergreen foliage on a bushy plant; yellow-green bracts. Foliage is spectacularly reddened in winter.	£5
--	--	-----------

FERNS

A selection of handsome and pretty ferns to add interest to any garden. Handsome enough to be grown as container plants and great companions for spring and winter displays.

ADIANTUM

pedatum (Maidenhair Fern)	Dainty, fine fronds on this lovely fern; shade or part shade and a lovely contrast.	£4.50
--	---	--------------

ATHYRIUM

felix femina 80cm (Lady Fern)	Elegant pinnate leaves on this hardy easy-going Native fern. Good in shade and sun, if it has a cool root run.	£4
--	--	-----------

ASPLENIUM

scolopendrium (Hart's Tongue) 25cm	Handsome, undulating strap leaves; excellent in shade; wintergreen.	£4.50
---	---	--------------

scolopendrium angustifolium 25cm	Narrower leaves with a marked waving edge. An attractive specimen	£4.50
---	---	--------------

trichomanes (Maidenhair Spleenwort)	The lovely dainty small fern, you find on old walls. Wiry, small leaflets, black midrib.	£4
--	--	-----------

BLECHNUM

chilense (Chilean Hard Fern) 90cm	A rare Falkland Island native fern. Large handsome leathery leaves slowly forming substantial and attractive areas in shade or a damper area.	£7.50
--	---	--------------

penna marina (Falkland Island Small Fern)	Leathery heavily crested leaves that grow well in dry stone walls and work well in alpine plantings	£3.50
--	---	--------------

spicant (Hard Fern) 40cm	British native; neat shining pinnate fronds; hardy, handsome and evergreen.	£4.50
---	---	--------------

DRYOPTERIS

crassirhizoma 1m	A strong growing woodland fern with upright vase-shaped habit. A striking specimen.	£4.50
-----------------------------------	---	--------------

sieboldii (Japanese Wood Fern) 80cm	A distinctive wood fern; slow growing leathery leaf fronds, that tolerate our dryer shaded soils well; handsome.	£5
--	--	-----------

MATTEUCCIA

struthiopteris (Ostrich Plume Fern) 1.5m	A strong growing, elegant fern; emerging crosiers opening to plume-like fronds. Excellent with Iris & Meconopsis.	£6.50
---	---	--------------

ONOCLEA

sensibilis 50cm (Sensitive Fern)	Bronzed, arching fronds, Deeply pinnate leaves and wavy edges.	£4.50
---	--	--------------

POLYPODIUM

vulgare 30cm (Native Polypody)	Splendid for dry positions. Neat ladder rung leaves; black stems. British native, wintergreen	£4.50
---	---	--------------

FRANCOA

Pink Giant 80cm	A base of crimped, felted, gray green leaves & sprays of stems clothed in good pink flowers, often shot with splashes of red. Showier than the usual Francoa.	£4.50
----------------------------------	---	--------------

GALANTHUS (Snowdrops)

Snowdrops are wonderful garden value, lasting from January into April with us. The loveliest of flowers, characterising hope, strength and beauty. This is a selection this winter/spring. For the full list see our web site www.lochnessgarden.com from Late January.

Atkinsii	Slender glaucous leaves; long outer petals and inner petals nicely marked with green horseshoe mark. Good garden plants and beautifully scented	£3
Benhall Beauty	Taller variety with blue/green foliage and elongated, elegantly marked flowers.	£8
Brenda Troyle	Larger well rounded snowdrops with a good scent and good growth.	£4
Cordelia	A Greatorex double; lovely frilled centre and petals well marked.	£4
Desdemona	The largest of the doubles and hence very effective in the garden.	£5
Finale	Broad grey leaves and the last of the snowdrops to flower. Large shapely flowers.	£4
Galatea	Large shapely single; inner petals marked by a green inverted V.	£4
Magnet	Large flowered single. Unique for its slender long pedicles; strong, distinctive and beautiful.	£3
nivalis	The common and beautiful snowdrop. These are divisions from our garden, where they are steadily clothing slopes and ditches becoming more of a spectacle each year. Pots of 10-12 bulbs	£3.50 for a pot of ten
plicatus Warham	Later flowering; broad grey/green leaves and strong rounded flowers	£4
Sam Arnott	Very fine variety; thick glistening white petals and good vigorous habit so clumps up well.	£3
nivalis viridapice	A fine garden snowdrop, nicely marked petals with a green tip to the outer petals	£3.50

GENTIANA

lutea 1m (Giant Yellow Gentian)	Handsome plants; whorls of yellow florets on a strong stem.	£3.50
Strathmore	Nice pale blue flowers on good green foliage.	£3.50

GERANIUMS

The hardy Geranium species large and small are an asset to any garden. Some are glamorous; others are workmanlike, doing the job when nothing else will. Some make elegant specimens; others look good in a crowd. All of these are tried and tested in our garden.

Blue Blood 40cm	Large blue flowers with red veining. The plant flowers for months and gives excellent garden performance.	£4.50
Blue Sunrise	Another of the exceptional recent geranium cultivars; fluttering blue veined flowers over yellow green foliage for an extended season. It has a deserved AGM	£5
cinerarium Giuseppe	Good green/ grey, carpeting foliage, attractive black pencilled magenta flowers.	£4
macrorrhizum Ingwersen's Variety 30cm	Fresh, green, apple-scented leaves and soft pink flowers. Lovely with London Pride.	£4

m. Pindus 20cm	Half the size of the other varieties; red bracts magenta flowers.	£4
m. White Ness	A neat, white flowered variant, the flowers flushed pink on the back of the petals.	£4
nodosum 30cm	Maple shaped leaves and a myriad of magenta pink flowers: covers quickly and excellent under shrubs and in shade.	£4
x oxonianum Claridge Druce	Vigorous and great ground cover; mid pink flowers for many months.	£4
x oxonianum Southcombe Star	Slender magenta petals making a star shaped flower; vigorous.	£4
Patricia 80cm	A good plant; tall and vigorous with magenta pink flowers, dark eye and a splendid long season.	£4.50
phaeum Samobor 40cm	Striking foliage plant for shade. The leaves are heavily marked with chocolate brown. Purple phaeum flowers	£4
phaeum Margaret Wilson	Pale green leaves with veins marked out with white giving a very attractive appearance; flowers pale purple in early summer.	£4.50
psilostemon 70cm	The bright magenta geranium that you see in every stately home herbaceous border. Magenta flowers with a black eye. Fantastic	£4
pyrenaicum 25cm spreading	One of the fastest spreading plants I know, but never seems invasive. Neat scalloped leaves erupting into foam of small purple flowers all summer. Great in new borders.	£4
pyrenaicum albiflorum 25cm	Pretty white form.	£4
Rise and Shine 15cm	A later flowering variety; dainty blue flowers with lovely purple veining.	£4.50
Russell Pritchard 30cm	Grey green leaves and lovely contrasting chalky pink flowers.	£4
sessiliflorum novae zealandica nigricans	A carpet of tiny, flat brown leaves, with a surprise odd red leaf. Pink flowers	£3.50
versicolor 30cm	This native species scrambles through a border. Masses of tiny white flowers exquisitely veined purple. Wonderful.	£4
x cantabrigiense Cambridge 40cm	Shining leaves and lovely soft lilac flowers; excellent ground cover	£4
GEUM (The Avens)		
<i>Bright herbaceous perennials early and cheering.</i>		
Bell bank	A Geoffrey Smith hybrid. Large fat double bright pink flowers fading to stripes.	£4.50
Dingle Apricot	Compact. Apricot yellow.	£4
Firestorm	Floriferous double orange with some red striped outer petals.	£4.50
Lionel Cox	A very fine old geum; pretty primrose yellow blooms.	£4.50
Mrs Bradshaw 60cm	Old fashioned double red	£4
Mrs W Moore 30cm	Cream, flushed pink semi double. Lovely.	£4

Prince of Orange 80cm	Unique, branching heads of soft orange with a green eye.	£4.50
rivale Leonard's Form	Variant of our native water avens. Nodding flower heads of copper rose in summer	£4.50

GRASSES AND SEDGES

Grasses can make inspirational planting. They bring the air of the wild into a planting. Here are a few of my best ideas.

- Use in a mixed border, they are a great change of texture and a cooling colour. e.g. *Miscanthus*, *Pennisetum*, *Millium*, alongside *Rudbeckia*, *Agapanthus*, *Crocsmia*.
- Grasses look great in "designed plantings" among rocks and large gravel. e.g. *Stipa*, *Miscanthus*, *Cortaderia*, *Carex*
- Some grasses look fantastic as potted specimens e.g. *Stipa arundinacea*, *Hakonechloa*, *Carex*
- Try some annual grasses with poppies. Fabulous. e.g. *Hordeum jubatum* and opium poppies.

ANEMANTHELE

lessoniana (Pheasant grass) 80cm	An elegant and most useful grass. Trailing flower/seed heads set of foliage that colour red, yellow and brown through summer heat and winter cold.	£5
---	--	-----------

Mixed Double Hybrids	Very good double flowered Hellebores. Unflowered so could be a range of colours green, white, pink and purple. All have been attractive and good garden plants.	£6.50
-----------------------------	---	--------------

White	Lovely early white; looks great below shrubs or in woodland, magnificent in mixed plantings	£7
--------------	---	-----------

Yellow	Perhaps my favourite; open faced yellow variety, we have wonderful clumps under our hazels.	£7
---------------	---	-----------

Great offer - £20 for any Four Helleborus

HEMEROCALLIS

Burning Daylight 60cm	A compact new variety; flowers well, a brilliant orange	£4.50
------------------------------	---	--------------

Stafford	Dull red flowers with a yellow throat; a strongly perennial plant.	£4.50
-----------------	--	--------------

Primal Scream	A tangerine orange floriferous variety; open, showy flat flowers. Excellent.	£5
----------------------	--	-----------

Yellow	Divisions of our old reliable Hemerocallis; it was at Abriachan before we were and still thrives.	£4
---------------	---	-----------

HEPATICA

nobilis alba	Pretty white flowers before the attractive marbled leaves. Rather precious.	£4.50
---------------------	---	--------------

HOSTA

Hostas are wonderful garden features, their bold leaves giving interest and structure, particularly in shade. They are a real feature of our garden at Abriachan. Discover or rediscover them, and you will find they work well as focal points and give structure to plantings. Excellent in shade. We grow several in small and large, stylish pots where they also look splendid.

Blue Angel 50cm	Large, handsome blue leaves and white summer flowers. Very reliable variety, good in shade and slug proof.	£6
------------------------	--	-----------

Blue Mouse Ears	Tiny little blue ears; rather sweet	£5
------------------------	-------------------------------------	-----------

Brim Cup 30cm	Creamy white edge, turning white as summer progresses, attractive seersucker leaves	£5
----------------------	---	-----------

Coquette 20cm	Long spoon shaped leaves, white edge. Establishes well.	£5
----------------------	---	-----------

Devon Gold 25cm	Butter yellow heart shaped leaves. A classic	£6
------------------------	--	-----------

-------------------------	---	-----------

June	A glorious plant. Grey/green leaves with pale lemon centres. A good garden plant and highly attractive as a potted specimen.	£6.50
-------------	--	--------------

Krossa Regal 1 m	Strong upright vase shaped habit; blue/grey wavy edged leaves. A good foundation stone for any planting. Magnificent in a large pot.	£6.50
-------------------------	--	--------------

Patriot 30cm	Excellent hosta for the garden or a pot; shiny olive green leaves, white margins.	£5
---------------------	---	-----------

Red October 40cm	Upright growth displaying red stems. Lance shaped leaves, with waxy surface; lavender flowers in some quantity.	£6
-------------------------	---	-----------

Tiny Tears	Miniature Hosta; blue/green leaves and lovely tiny purple flowers.	£5
-------------------	--	-----------

Wide Brim 30cm	Good looking plant; dark green leaves with yellow margin.	£5
-----------------------	---	-----------

IRIS

Iris are among the most well known and loved of all flowers. There are various forms but all have the same handsome flower structure.

chryso-graphes Black Form 60cm	Elegant foliage and wonderful satin midnight black irises with gold marked throats. Truly wonderful.	£4.50
---------------------------------------	--	--------------

foetidissima (Gladwin)	Strong evergreen straps of leaf; yellow veined flowers and seed pods that burst to show red berries. British Native.	£4.50
-------------------------------	--	--------------

forrestii 50cm	Neat, well formed primrose yellow iris.	£4
-----------------------	---	-----------

Katherine Hodgkins 15cm	My desert island bulb. She flowers early, lifting the spirits in February and March. Washed egg-shell blue with shades of grey and navy spotting. Ravishing.	£3.50
--------------------------------	--	--------------

sibirica 1.5m	Divisions of the strong, upright, lovely blue iris in our car park.	£4.50
----------------------	---	--------------

<i>sibirica</i>	Pale yellow standards and green veined cream falls.	£4.50
-----------------	---	--------------

Chartreuse Bounty

JASSIONE

<i>laevis</i>	Excellent grey green leaves for a close carpet with blue/purple balls of flower through summer. Just the job for a steep dry sloping bed.	£3
---------------	---	-----------

KERRIA

<i>japonica flore plena (DbI Kerria) AGM 3-4m</i>	Another old cottage garden staple that you just don't see on sale. Double, bright yellow pom pom flowers, arranged along 3m stems. It suckers, but not so that you can't control and it is well worth the effort. Lovely cheerful spring shrub.	£6.50
---	---	--------------

KIRENGESHOMA

<i>palmata AGM</i>	Lovely autumn perennial. Large leaves resembling plane tree leaves & stems of yellow waxy bells in Sept onwards. Wonderful in a woodland setting.	£4.50
--------------------	---	--------------

<i>palmata koreana 1m</i>	Very similar to <i>palmata</i> , but with a more upright habit.	£4.50
---------------------------	---	--------------

LATHYRUS

<i>latifolius Red Pearl</i>	A scrambling pea, with bright magenta flowers. Very good when winding through shrubs and trees and as it dies down in winter it is not damaging.	£4
-----------------------------	--	-----------

<i>latifolius White Pearl</i>	Beautiful white pea flowers on this scrambling pea vine. Long season	£4
-------------------------------	--	-----------

<i>rotundifolia</i>	Perennial climbing pea; lovely dark purple flowers.	£4
---------------------	---	-----------

<i>vernus</i>	A spring flowering perennial; attractive bi-coloured purple and pink flowers.	£4
---------------	---	-----------

LAVENDULA

<i>Hidcote 30cm</i>	Neat dark flowered lavender; excellent for hedging	£3.50 each or £30 for ten
---------------------	--	----------------------------------

LEPTINELLA

<i>Platt's Black</i>	Tiny carpeter; fern like leaves flushed bronze & black; wee brass yellow flower buttons. NZ alpine.	£3
----------------------	---	-----------

LEUCOJUM

<i>aestivum (Snowflakes)</i>	Arriving just after the snowdrops. Open bells with green tips to the petals.	£3.50
------------------------------	--	--------------

LIBERTIA

<i>grandiflora 40cm (New Zealand Iris)</i>	Clump forming. Strong grass-like plant with many 3 petalled flowers in spring. Good for dry and windy places.	£4
--	---	-----------

LIGULARIA

Strong moisture loving perennials, when well grown make tall, arresting features

<i>Othello 1.5m</i>	Large dark green leaves, purple flushed on reverse and flamboyant heads of bright orange/yellow daisies.	£4.50
---------------------	--	--------------

<i>wilsoniana 1.5m</i>	Shallow toothed leaves and narrow spikes of yellow daisies; impressive.	£4.50
------------------------	---	--------------

<i>Zepter 2m</i>	Similar to The Rocket, but less tattered leaves; huge fans of yellow daisies.	£4.50
------------------	---	--------------

LUNARIA

rediviva 50cm	The perennial honesty; pretty, scented, pale lilac flowers on toothed leaves. Sickle shaped seed heads for many months. Starts early and lasts well	£3.50

Zambia	D	Dark blood red semi double.	£5

OLD PRIMROSES

We grow many Primroses, modern and old varieties both doubles and singles. They have a very special charm. We offer some old varieties each year, then build up stocks again. Anyone looking for a particular old Primula is welcome to e-mail to check availability. If you have old varieties that we don't have and would like to swap, do get in touch.

Beamish Foam	An old dwarf polyanthus; palest pink, flushed yellow; very pretty	£4
Beeches Pink	Small polyanthus, dusky purple.	£4
Buckland Wine	Fine, bronzed leaves and rich red flowers; yellow eye.	£4
Blue Riband	Dainty violet blue flutter of primroses over slick green leaves. Lovely in spring plantings, maybe amongst dark hellebores and blue pulmonarias.	£4
Cherry	A small primrose; cherry red flowers.	£4
Ciska	Strong purple polyanthus flowers, yellow star like eye. Flowers late.	£4
Dark Rosaleen	Dark foliage; rich pink striped flowers. Dramatic and vigorous.	£4
David Valentine	Early, neat rose-purple polyanthus heads. Lovely.	£4
Dawn Ansell	A jack in the green; white double on good green calyxes	£4
Duchess of York	A neat wee polyanthus; heads taupe with distinct pink flushes as they age. Dainty	£4
Elizabeth Browning	Small pretty primrose polyanthus; flushed pink.	£4
Guinevere	A most beautiful old primrose. Large soft pink heads over bronze foliage.	£4
Groeneken's Glory	A pretty and vigorous old plant with lots of pale mauve flowers. Fresh green leaves.	£4
Lady Greer	A great favourite. Small polyanthus heads of biscuit yellow.	£4
Lambrook Mauve	One of the old Marjory Fish primroses. Neat dark green leaves and soft lilac primroses.	£4
Mary Ann	Pretty pale magenta pink primroses.	£4
McWatts Claret	Pretty purple small dusky purple.	£4
Theodora	Pretty pink polyanthus heads, floriferous.	£4
Wanda	The legendary old magenta primrose; a truly vibrant colour, wonderful when growing well.	£4
Wanda Tomato Red	A batch of seedlings all with tomato colour in their blooms	£4

***NEW* JOE KENNEDY HYBRIDS**

Great new primroses raised by plantsman Joe Kennedy on his nursery in Ireland. All floriferous with magnificent bronzed leaves. Good garden constitution, strong growing and look very hardy

Dunbeg	Fine bronzed foliage and primrose yellow blooms, flushed pink	£4.50
Innisfree	Rich, velvet red primroses on dark flushed foliage.	£4.50

OLD DOUBLES

A gardening friend who lived on Loch Ness supplied us with these fine old primroses for years. She moved to live in New Zealand, so we hope we can keep them going in our garden. They are plants that have been grown in old gardens, but became increasingly scarce as the last century progressed. Now they are truly rare. They are vigorous and resist virus far better than all the micro propagated plants we have grown over the years. They love dappled shade, but perform well in any spot that does not dry out

alba plena	The fine old double white. Strong and still thriving in old Highland gardens.	£6.50
Bob Accord Cerise	From a garden on south Loch Ness; divisions of vigorous plants of the old Bon Accord primroses. Wonderful to find it again.	£6.50

ASIATIC PRIMULA

alpicola 25cm	Lovely palest yellow scented bells all heavily farined. Exquisite	£3.50
alpicola violacea 25cm	Purple scented bells all heavily farined. Lovely	£3.50
bessiana 40cm	Candelabra whorls of purple open faced primroses.	£3.50
bulleyana 80cm	Fantastic candelabras; anything up to six whorls of orange primrose blooms.	£3.50
burmanica 80cm	Excellent, striking fuchsia pink candelabras.	£3.50
chungensis 50cm	Dainty whorls of bright orange candelabra.	£3.50
denticulata (Drumstick Primroses) 20cm	Great, early flowering primroses. As hardy and as adaptable as you could ever ask. The flower heads make a perfect sphere. Wine-reds and white.	£3 each or £10 for four
Candelabra Rainbow Mixed 60cm	Scarlet, pinks, hot orange & yellow candelabras. Available as mixed colours. Group for a great garden feature	£3.50 each or £10 for four
chionantha 25cm	A strong stem with heads of white or violet blooms and smooth farinaceous basal leaves.	£3.50
florindae (Giant Himalayan Cowslips) 80cm	Handsome midsummer flowering; whorls of butter-yellow down facing bells, lovely perfume and a stately presence. They make excellent large planter specimens too.	£4
Japonica Postford White	Large fresh leaves and then strong stems and whorls of clean white flowers. Excellent in shade and tolerates drier conditions better than most candelabras.	£3.50
moerheimii 15cm	Rich red blooms on flat glossy leaves.	£3.50
pulverulenta 80cm	The showiest and loveliest candelabras, vivid magenta crimson, the buds and leaves dusted with farina. Perfect.	£3.50
sikkimensis (Himalayan Cowslips)	Whorls of beautiful butter yellow fragrant bells.	£3.50
tschuktschorum 10cm	Arctic primroses. Neat little plants and violet purple, pale centred blooms.	£3.50
waltonii 50cm	Elegant, whorls of dusky orange, lamp shade bells. Beautifully fragrant.	£3.50

wilsonii 30cm	Later flowering dusky red bells of bloom; lovely thing.	£3.50
--------------------------------	---	--------------

vialii (Red Hot Poker Primrose) 40cm	Always a surprise. Two-toned spike, magenta base and red tip.	£3.50
--	---	--------------

BRITISH NATIVES

elatior (Cowslips) 15cm	Whorls of butter yellow on this wonderful native primrose, from wet meadows.	£3.50
---	--	--------------

vulgaris (Native Primrose)	Best loved of all natives; bonny and bright.	£3.50
---	--	--------------

PULMONARIA (The Lungworts)

An excellent range of plants for full shade and part shade, many with finely marked foliage and work well as ground cover. The flowers come before the leaves and look great with early bulbs.

Beth's Pink 25cm	Coral pink flowers; neat spotted leaves.	£4.35
--------------------------------	--	--------------

Blue Ensign 25cm	Neat olive leaves with clear dark blue flowers; Good plant, very telling in plantings.	£4.35
-----------------------------------	--	--------------

Diane Clare 30cm	Slender apple green, silver gilded leaves and very large violet blue flowers.	£4.35
-----------------------------------	---	--------------

rubra 30cm	Fresh green leaves and petunia red flowers. Very early in flower.	£4.35
-----------------------------	---	--------------

Sissinghurst White 20cm	Silver spotted leaves and lovely white flowers.	£4.35
--	---	--------------

PULSATILLA

vulgaris Red 15cm	Beautiful silky Pasque flowers; this is a reliable red flowered variant with love seed heads to follow.	£3
---	---	-----------

QUERCUS (Oak)

petraea	Grown from acorns of oaks that grow along Loch Ness. They are slow; the last time many of them were harvested was by Canadian loggers in the second world war, before that it was Waterloo. They see us come and they see us go...	£5
----------------	--	-----------

RANUNCULUS

aconitifolius flora plena 25cm	Deeply divided dark green leaves and wide branching heads of double white buttercups. A really lovely thing. Ours came from a gardening friend in Shetland, where they thrive.	£6.50
---	--	--------------

constantinopolitanus plenus	Choice early summer buttercups; double bright yellow on dark leaves.	£4
--	--	-----------

RAOULIA

australis	Wonderful New Zealand plant; tiny leaves that form a beautiful silver film. Gravelly soil that does not dry out is ideal or grow it in a nice flat pot.	£3
------------------	---	-----------

RODGERSIA

pinnata superba 1m	Division of a fine plant we grow. Textured, handsome leaves of beautiful purple/bronze; flowers bright pink.	£6
--	--	-----------

podophylla 1.5m	Broad, bronze-tinted leaves with the appearance of huge horse chestnut leaves. Creamy white plumes of flower, and excellent autumn colour. A great focal point, one of those plants that pull a border together.	£6
----------------------------------	--	-----------

ROMNEA

coulterii 1m	Californian Tree Poppy. The largest of any poppies and magnificent. Ragged edged silver gray foliage and dazzling white poppies with prominent yellow boss of stamens.	£8.50
------------------------	--	--------------

SALIX

boydii 1m	Dwarf Scottish native; rough textured grey leaves; yellow catkins. Handsome.	£4
---------------------	--	-----------

SALVIA

glutinosa 60cm	Yellow hooded flowers on this hardy sage; thrives in full sun as do all sages.	£4
--------------------------	--	-----------

forsskaolii (Balkan Sage) 80cm	A hardy perennial sage that thrives on our dry woodland edge soils. Flowers are multi headed spikes of indigo blue with white central tubes.	£4.50
---	--	--------------

SAPONARIA

ocymoides	A tumble of magenta pink over walls or containers or edging beds.	£3
------------------	---	-----------

SAXIFRAGA - Japanese Saxifrages

Exquisite foliage plant, finely bronzed, congested purple or pink backed leaves; sprays of flowers in autumn

fortunei rubrifolia 30cm	Exquisite: Fine bronzed leaves, brilliant carmine on the reverse; and attractive white sprays of flower in autumn.	£4.75
------------------------------------	--	--------------

f. Mount Nachi	Green/purple scalloped leaves; white flowers	£4.75
-----------------------	--	--------------

f. Wada's Variety	Buttery green/ yellow, waxy leaves with a magenta reverse. Lovely sprays of white flowers in autumn	£4.75
--------------------------	---	--------------

Encrusted Saxifrages

Rosettes are evergreen and encrusted with lime & silver. Natures' jewels.

canis dalmatica	A base of lime encrusted leathery leaves and gloriously red spotted flowers.	£3.50
------------------------	--	--------------

Francis Cade 10cm	Neat silver rosettes all year round; white flower sprays. A fine specimen in a pot.	£3
-----------------------------	---	-----------

kolentiana atropurpurea 20cm	Excellent encrusted rosettes and unusual red sprays of flowers.	£3.50
---	---	--------------

Longifolia Monarch 20cm	Wonderful rosette and very floriferous; airy sprays of white blooms.	£3.50
-----------------------------------	--	--------------

Southside Seedling 25cm	Lovely sprays of red spotted white flowers on silver leaves. Very fine.	£3.50
-----------------------------------	---	--------------

Grace Farwell	Pink flowered variant; less usual and attractive.	£3.50
----------------------	---	--------------

oppositifolia Latina splendens	Large flowered variant of the purple mountain saxifrage. A true alpine.	£3.50
---	---	--------------

umbrosa	London Pride; used to be everywhere, but now out of fashion. A shame, as it is a good plant. Use it imaginatively and revive your love.	£3
----------------	---	-----------

umbrosa Elliot's variety	This is a much neater, rather sweet version. Fills corners beautifully.	£3.50
---	---	--------------

umbrosa Letchworth Gem	A more delicate, airy version.	£3.50
---	--------------------------------	--------------

umbrosa variegata	Gold splashed leaves.	£3.50
--------------------------	-----------------------	--------------

SCABIOSA

Irish Perpetual Flowering 90cm	An excellent plant and might even be the butterflies first choice. Soft blue pin cushion flowers over many months. Sun loving.	£4.50
---------------------------------------	--	--------------

SCHIZOSTYLIS coccinea (Kaffir Lily)

Elegant late flowering plants, beautiful form and look wonderful in autumn sunlight.

Jennifer major 80cm	Sword like leaves and pretty pink flowers. This is the striking red flowered variety. A wonderful autumn feature.	£4.50
Mrs Hegarty 60cm	Late flowering (October/November) rose pink.	£4.50

SELLIERA

radicans 5cm	A carpet of fleshy leaves and one-sided white flowers. A coastal plant from New Zealand; wind and salt proof	£3.50
---------------------	--	--------------

SEMPERVIVUM (The Houseleeks)

Admire the architecture of these obliging succulent plants. We grow many of them in terra-cotta pots or troughs and then group them together to make a display. I only grow and propagate exciting varieties; so read on.

To get you started 10 sempervivums our choice £20 (+P&P)

arenarium	Bright green red tipped rosettes.	£2.50
Blue Boy	Grey rosettes, more blue in winter.	£2.50
